3rd & 4th graders
Mondays after school ‘til 5:30
Starting September 21st

What's an Imagination LAB?
Preparing all children to be innovators in the 21st Century.

Imagination Chapters are building from the inspiration of ‘Caine’s Arcade’ https://www.youtube.com/watch?v=faIFNkdq96U. Community-organized and volunteer-led, chapters help foster creativity, entrepreneurship and other critical 21st Century skills in kids through Creative Play.

Power of Creative Play
Creative Play begins with inspiration and culminates in the sharing of an original artifact made by the child using whatever tools and materials are available. In this process, kids open up their minds to what’s possible, take chances, solve problems, collaborate and become better creative thinkers and doers.

These are the critical “21st Century skills” the whole world is talking about!
