## ADMINISTRATION GOALS

The District's administrative organization is designed so that all divisions and departments of the central office and all schools are part of a single system guided by Board policies implemented through the Superintendent. The Board is responsible for specifying its requirements and expectations of the Superintendent and for holding the Superintendent accountable by evaluating how well those requirements and expectations have been met. In turn, the Superintendent is responsible for clearly specifying the Board's requirements and expectations for all other administrators and for holding each accountable by evaluating how well requirements and expectations are met.

Major goals of administration in the District are to:

1. manage the District's various departments and programs effectively;
2. provide professional advice and counsel to the Board and to advisory groups established by Board actions, generally through reviewing alternatives, analyzing the advantages and disadvantages of each and recommending a selection from among the alternatives;
3. implement the management function so as to ensure the best and most effective learning programs through achieving such other goals as to:
  - A. provide leadership in keeping abreast of current educational developments;
  - B. arrange for the staff development necessary to the establishment and operation of learning programs which better meet student needs;
  - C. coordinate cooperative efforts for the improvement of learning programs, facilities, equipment and materials and
  - D. provide access to the decision-making process for the ideas of staff, students, parents and others;
4. develop an effective program of evaluation which includes every position, program and facility in the District and
5. develop and use a team management approach.

## INCAPACITY OF THE SUPERINTENDENT

A Superintendent Pro Tempore is appointed by a majority of the members of the Board upon determining that the Superintendent is incapacitated in such a manner that he/she is unable to perform the duties of that office. Such incapacity is determined:

1. by request of the Superintendent, if the Superintendent is absent with pay for reasons of personal illness, injury or exposure to contagious disease which could be communicated to others;
2. upon certification of the attending physician that the Superintendent is unable to perform the duties of the office of Superintendent;
3. upon the determination of a referee that the Superintendent is unable to perform the duties of the office of Superintendent;
4. upon the granting of a leave of absence without pay requested by the Superintendent for reasons of illness, injury or other disability or
5. upon the placing of the Superintendent upon an unrequested leave of absence without pay for reasons of illness or other disability.

During the period of incapacity, the Superintendent may:

1. at his/her request, be placed on sick leave, with pay, not to exceed the extent of his/her accumulated, but unused, sick leave and any advancement of such sick leave which may be authorized by Board policy;
2. at his/her request, or without such request, pursuant to the Family and Medical Leave Act, be placed on unpaid FMLA leave for up to 12 weeks per year and
3. at his/her request, or without his/her request, the Superintendent may be placed on a leave of absence without pay.

The leave provided during the period of incapacity (described above) will not extend beyond the contract or term of office.

The Superintendent may, upon request to the Board, be returned to active-duty status, unless the Board denies the request within 10 days of receipt of the request. The Board may require the Superintendent to establish to its satisfaction that he/she is capable of resuming such duties and that the duties be resumed on a full-time basis.

The Board may demand that the Superintendent return to active service; upon the determination that he/she is able to resume his/her duties, the Superintendent will return to active service.

The Superintendent may request a hearing before the Board on any action taken under this policy and has the same rights as are granted under State law.

The Board fixes the compensation of the Superintendent Pro Tempore in accordance with State law. He/She serves until the Superintendent's incapacity is removed or until the expiration of the Superintendent's contract or term of office, whichever is earlier.

(Approval date: June 15, 2000)

(Re-approval date: September 20, 2012)

## SUPERINTENDENT'S CONTRACT

The appointment of the Superintendent is secured through a written agreement stating the terms of the contract. The contract meets all State requirements and protects the rights of both the Board and the Superintendent.

The Superintendent is appointed for a term not to exceed five years. The term commences on August 1 and continues through July 31 of the year in which the contract expires. Should a vacancy occur mid-term, the Board can appoint a new hire to a term starting on any date – as long as the length of the contract does not exceed five years from the prior August 1. The period of time in which the Superintendent's contract may be renewed begins on January 1 of the year prior to the contract's expiration and ends on March 1 of the year in which the contract expires.

Salary and benefits are determined by the Board at the time of the appointment and are reviewed by the Board each year. The Superintendent's salary may be increased or decreased during his/her term of office. However, any decrease must be part of "a uniform plan" affecting salaries of all District employees.

The Board authorizes the annual payment of the Superintendent's accrued, unused vacation leave.

If the Board intends to nonrenew the Superintendent's contract, notice in writing of the intended nonrenewal must be given to the Superintendent on or before March 1 of the year in which the contract expires.

Nothing in this policy shall prevent the Board from making the final determination regarding the renewal or nonrenewal of the Superintendent's contract.

## EVALUATION OF THE SUPERINTENDENT

The Board evaluates the performance of the Superintendent in order to assist both the Board and the Superintendent in the proper discharge of their responsibilities and to enable the Board to provide the District with the best possible leadership.

Through evaluation of the Superintendent, the Board strives to:

1. clarify the role of the Superintendent as seen by the Board;
2. develop harmonious working relationships between the Board and Superintendent;
3. provide administrative leadership for the District and
4. identify strengths and weaknesses of the Superintendent's performance.

Criteria for the evaluation of the Superintendent are based upon the Superintendent's job description and relate directly to each of the tasks described. The job description and any revisions thereto are developed in consultation with the Superintendent and adopted by the Board.

The Board evaluates the abilities and services of the Superintendent at least once a year.

The evaluation of the Superintendent's abilities and performance is written and made available to and discussed with the Superintendent. The Board considers the evaluation of the Superintendent in acting to renew or nonrenew his/her contract.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of the Superintendent's contract.

## BOARD-SUPERINTENDENT RELATIONSHIP

The enactment of policies, consistent with long-term goals, is the most important function of the Board, and the execution of the policies should be the function of the Superintendent and his/her staff.

Delegation by the Board of its executive powers to the Superintendent provides freedom for the Superintendent to manage the District within the Board's policies and frees the Board to devote its time to policy-making and appraisal functions.

The Board holds the Superintendent responsible for the administration of its policies, the execution of Board decisions, the operation of the District and keeping the Board informed about District operations and problems.

The Board strives to procure the best professional leader available as its Superintendent. The Board:

1. gives the Superintendent full administrative authority for properly discharging his/her professional duties, holding him/her responsible for acceptable results;
2. acts in matters of employment or dismissal of personnel after receiving the recommendations of the Superintendent;
3. refers all complaints to the Superintendent for appropriate investigation and action;
4. strives to provide adequate safeguards for the Superintendent and other staff members so that they can discharge their duties on a thoroughly professional basis;
5. presents personal criticisms of any employee directly to the Superintendent; and
6. hold all meetings of the Board in the presence of the Superintendent, except when matters such as the Superintendent's contract and/or salary are under consideration.

## STAFF RELATIONS AND LINES OF AUTHORITY

The Superintendent establishes clear understandings on the part of all personnel of the working relationships in the District.

Lines of direct authority are those approved by the Board and are shown on the District's organizational chart.

Personnel are expected to refer matters requiring administrative action to the administrator to whom they are responsible. The administrator refers such matters to the next higher administrative authority when necessary. All personnel are expected to keep the person to whom they are immediately responsible informed of their activities by whatever means the person in charge deems appropriate.

Lines of authority do not restrict in any way the cooperative, sensible working together of all staff members at all levels in order to develop the best possible school programs and services. The established lines of authority represent direction of authority and responsibility. When the staff is working together, the lines represent avenues for a two-way flow of ideas to improve the program and operations of the District.

## MANAGEMENT TEAM

The Board endorses the management team concept for the District.

The management team of the District consists of two groups.

### Policy Team

The Board, Superintendent and Treasurer comprise the team. The Board President serves as team leader. Primary responsibilities of this team are to establish policies to guide the District and to ensure that the policies are carried out.

### Administrative Team

All administrators within the District comprise this team. The Superintendent serves as team leader. This team is responsible for carrying out the functions of planning, organizing, staffing, implementing and evaluating guided by the policies established by the policy team and adopted by the Board.

The team approach to management represents an attempt to provide close cooperation and effective working relationships among administrative personnel. It is an effort to make the best use of the talents and expertise available by establishing open lines of communication and by providing a supportive environment in which collaborative problem solving and decision-making can take place.

Guidelines for implementing this policy are a primary management team concern. These guidelines include procedures for:

1. convening the team;
2. implementing in-service management team training;
3. establishing team evaluation and
4. implementing goals and objectives of the District.

## ADMINISTRATIVE COUNCILS, CABINETS AND COMMITTEES

The Superintendent may establish such permanent or temporary councils, cabinets and committees as are necessary for proper administration of the Board policies and for the improvement of the total educational program.

All councils, cabinets and committees created by the Superintendent are for the purposes of obtaining the advice and counsel of administrative and supervisory personnel of the District and aiding in District communication. Functioning in an advisory capacity, such groups may make recommendations for submission to the Board through the Superintendent. Authority for establishing policy remains with the Board. Authority and responsibility for implementing policy remain with the Superintendent.

The membership composition and responsibilities of administrative councils, cabinets and committees are defined by the Superintendent and may be changed at his/her discretion.

Such councils, cabinets and committees need not meet the requirements of the Open Meetings Act.

## BOARD REVIEW OF REGULATIONS

State law requires the Board to make “rules and regulations” for the government of the District, its employees, students and all other persons entering the District’s grounds and premises.

Before issuance, Board regulations are properly titled and coded as appropriate to subject and in conformance with the codification system selected by the Board. Those officially approved by the Board are so marked. All others appearing in the manual are considered approved, provided that they are in accordance with the accompanying Board policy.

The Board may review regulations developed by the administration to implement policy. The Board revises or nullifies these administrative regulations only when they are inconsistent with policies adopted by the Board or when they are not in the best interest of the District.

## APPROVAL OF HANDBOOKS AND DIRECTIVES

In order that pertinent Board policies, regulations and school rules are known by all staff members and students affected by them, administrators are granted authority to issue staff and student handbooks as necessary. Handbooks are distributed to students at the beginning of each school year and it is the responsibility of the students and their parents to review and become familiar with all policies and rules contained in the handbooks.

It is essential that the contents of all handbooks conform with Districtwide policies and regulations and that all handbooks bearing the name of the District be of a quality that reflects credit on the District. Student handbooks should be consistent by both grade and building levels. Administrators at all levels should review handbooks for consistency. The Board approves all handbooks prior to publication.

The Board reviews and approves the handbooks in order that the contents are accorded the legal status of Board-approved policies and regulations. The Superintendent uses his/her judgment as to whether other specific handbooks need Board approval.

All handbooks published are to be made available to the Board for informational purposes.
