Photographs of our clients in our program are an important part of letting others know what we do.

From time to time, brochures and other visual displays are developed for distribution or presentation to potential clients and others interested in the program. Articles about partner agency services with accompanying photos may appear in newspapers or local periodicals.

Only first names of children involved are used and **no other identifying information** is used.

In addition, the agencies occasionally are given public service announcement time on television. Slides of facilities, often including clients are an important way of showing the community what we can do. No names of clients will be used on television.

I hereby give consent for the picture and first name(s) of _____ to be used for agency brochures and other visual displays, newspapers, and periodicals, television, and public service announcements. I understand that such material will be used only the conditions stated above.

Photos may be used for advertising or other uses outlined above for any of the partner agencies as identified as:

- Norwood City Schools
- Lindner YMCA
- Hamilton County Family and Children First Council
- All Contractual Providers
