

# YOUR CHILD CAN CHOOSE FROM EACH OF THESE ACTIVITIES DAILY IN EVERY CHAMPIONS PROGRAM:

**Our five activity areas:**

In **Sports Zone**, kids enjoy tag games, relay races, obstacle courses, and individual and group games. Here, we build team spirit and nurture each child's "inner champion." During **Snack Attack**, healthy, high-energy snacks give kids a burst of fuel for homework and sports. Activities that relate to cooking and food are also included. Get ready to **Take the Challenge** where quiet homework areas sharpen study skills and get homework projects handled. For **The Nature of It**, children can build a birdhouse or construct a dinosaur realm as they watch science and nature come to life! Finally, while enjoying **Imagine That**, kids "ham it up" with theater antics, and express themselves through dance, song and art forms galore.

**An added bonus, we build each of the following into our program:**

 <p><b>Literacy Program</b></p> <p>A literacy program that builds 30 minutes of reading activities into every after school day. Book clubs introduce a new work of children's literature monthly.</p>	 <p><b>Fitness</b></p> <p>A fitness program that promotes the benefits of healthy eating and an active lifestyle.</p>	 <p><b>Character</b></p> <p>A character-building program that emphasizes mentoring peers, learning positive ways to manage conflict and connecting to the community.</p>	 <p><b>Location</b></p> <p>Each program is a safe and convenient option located at your school where children can spend time before or after school.</p>

## CHAMPIONS

### Who is Champions?

Champions (formerly KLC School Partnerships) provides educational and enrichment services. Champions' three divisions. Champions Academy, Champions Extended Learning and Champions Science Adventures, offer a suite of services for schools and students. Services include before and after school extended learning, kindergarten extended day, preschool/pre-k programs, school breaks and summer programs; academic intervention programs; reading and math enrichment; science programs; and on-site child care for our partners.

### Champions wants to hear from you!

We build our program around parent input. We truly listen and incorporate your ideas and suggestions into our after-school environments. Some of our most awesome innovations, such as homework clubs and our character development initiative, were the direct result of parent feedback.

We invite you to participate in focus groups and parent surveys that will keep your ideas at the forefront as Champions works to continuously enhance our service offerings. Keep an eye out for these opportunities and others in the near future, and be sure to participate!
